

HS6 ORDER FORM

Comprehensive Starter Kit Spec.

The HS6 is our tribute to the classic Lotus 6 and is available as a comprehensive starter kit for self-assembly using a variety of engine and transmission options

£4,995 inc.vat

This 'Comprehensive Starter Kit' has been structured to enable the builder to have all the most important parts supplied within this very low kit price, but with the option to purchase as many, or as few extra components as necessary depending on how much you wish to source elsewhere. The ideal engine, gearbox, and front hubs etc. can be obtained from a Triumph Herald or Spitfire, and the live back axle and drum brakes from an old Escort (although many other old classic engines and gearboxes can be fitted). These will give a very 'period' look and feel to the finished car. The Herald or Spitfire can also supply other items such as instruments and wiring loom. Alternatively, all the extra components necessary to finish the car exactly to your requirements can be purchased from us at the time of ordering or, as the build progresses and/or budget allows.

Kit contents:- tick your choice

- Space Frame Chassis** Black Lotus Grey
- Aluminium Body Tub (shaped and pre fitted for you)
- Aluminium Bonnet
- GRP Body Parts (supplied in a grey gelcoat finish)
- Double Wishbone Front Suspension
